

**28-30 September 2022**

# **15th AOGEO SYMPOSIUM**

## **Scene Setting**

**Mariko Harada,  
AOGEO Coordination Board Co-Chair, Japan**

# Theme and Objectives

## *New horizons for Earth observation in Asia Oceania Region: Seeking engagement*

The symposium aims to **provide the regional perspective on the Post-2025 GEO strategic mission development** by:

- Highlight the achievements that AOGEO community has achieved
- Identify regional challenges and opportunities

# The development of GEO

NEXT:

Under discussion

GEO Strategic Plan  
2016-2025:  
Implementing GEOSS

10-Year  
Implementation Plan

WORLD SUMMIT ON  
SUSTAINABLE  
DEVELOPMENT  
(WSSD)

- Biodiversity and Ecosystem Sustainability
- Disaster Resilience
- Energy and Mineral Resource Management
- Food Security and Sustainable Agriculture
- Public Health Surveillance
- Infrastructure and Transport Management
- Sustainable Urban Development
- Water Resources Management

2016

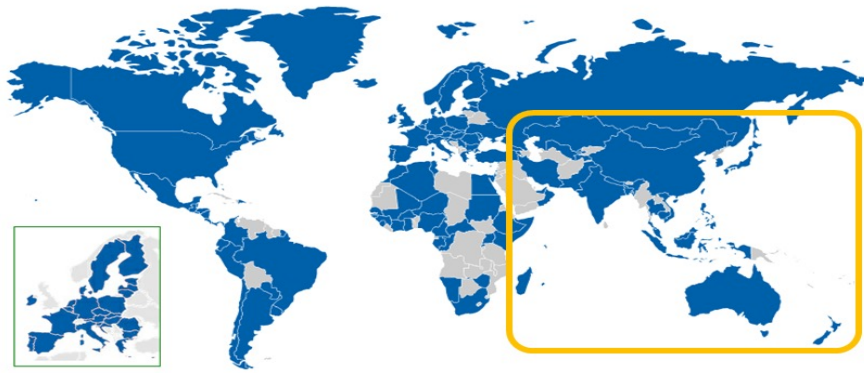

2026

# Outlook of AOGEO

## AOGEO at a glance

## GEO Member Map for the year 2021

## 2020-2022 GEO Work programme

AOGEO engages regional stakeholders, including national agencies and regional intergovernmental organizations, in global GEO activities and coordinate implementation of GEO activities within the Asia-Oceania region.

## History

### AOGEO Symposium

- 1<sup>st</sup> 2007, Tokyo
- 2<sup>nd</sup> 2008, Tokyo
- 3<sup>rd</sup> 2009, Kyoto
- 4<sup>th</sup> 2010 Bali
- 5<sup>th</sup> 2012, Tokyo
- 6<sup>th</sup> 2013, Ahmedabad
- 7<sup>th</sup> 2014, Tokyo
- 8<sup>th</sup> 2015, Beijing
- 9<sup>th</sup> 2017, Tokyo
- 10<sup>th</sup> 2017, Hanoi
- 11<sup>th</sup> 2018, Kyoto
- 12<sup>th</sup> 2019, Canberra
- 13<sup>th</sup> 2021, Online
- 14<sup>th</sup> 2021, Online
- 15<sup>th</sup> 2022, Hybrid**

### AOGEO Workshop

- 1<sup>st</sup> 2018, Deqing
- 2<sup>nd</sup> 2019, Jakarta
- 3<sup>rd</sup> 2020, Changzhou/Online
- 4<sup>th</sup> 2021, Beijing/Online
- 5<sup>th</sup> 2022, Beijing/Online

# Special sessions

---

**Biodiversity and Sustainable Society:**  
How EO contributes to integrating nature into economic activities

**Youth Engagement:** Designing an inclusive future for youth in earth observations

**Road to GEO post-2025:**  
Inputs from AOGEO

**Important of Local and Subregional Geospatial networks in the PICTs**

**Enhancing Resilience for Water-related Disaster Risks:**  
Seeking opportunities for further collaboration

# Week at a glance

## Day 1 (28<sup>th</sup> Sep)

**Opening Session**

**Country Report**

**Biodiversity and Sustainable Society**

**Youth Engagement**

## Day 2 (29<sup>th</sup> Sep)

**TG Activity Reports**

**Road to GEO post-2025**

## Day 3 (30<sup>th</sup> Sep)

**Important of Local and Subregional Geospatial networks in the PICTs**

**Enhancing Resilience for Water-related Disaster Risks**

**Closing Session**
